

Fiscal 2021 Healthy Planet Highlights

WBA announced its first enterprise-wide, global carbon emissions reduction target: 30% decrease in Scope 1 and Scope 2 emissions by fiscal 2030 vs fiscal 2019

WBA carbon emissions down 14.9 percent in fiscal 2021 compared with fiscal 2019

WBA recycling rates: approximately 60 percent recycled, up 6 percentage points from our baseline year of fiscal 2019

<1%

For the third year in a row, less than 1 percent of Boots UK waste went to landfill

WBA began reporting against the Task Force for Climate-Related Financial Disclosures (TCFD) recommendations with intent to implement a robust climate scenario analysis

Our Liz Earle Beauty Company skincare brand became a certified CarbonNeutral company and its Holiday 21 gifting range also achieved certified CarbonNeutral product certification

6.3%

of energy consumed across WBA was from renewable sources
